

At least the
AIR
in bars isn't slimy.

All indoor public places in [STATE] are now smoke-free. That means
you'll leave feeling cleaner no matter what pickup lines are thrown at you.

Terms of Use

Except as noted, this website and all materials contained on it are the property of the Campaign for Tobacco-Free Kids.

Any use of any Campaign materials on this website by any member of the tobacco industry or by any entity representing any member of the tobacco industry requires prior written approval from the Campaign for Tobacco-Free Kids.

Other than that, the Campaign gives its consent for third parties to reproduce, distribute, or publish any of the Campaign's materials on this website for nonprofit, pro-health, or research purposes consistent with the Campaign's goal of preventing and reducing all tobacco use and related harms, especially among children, so long as the Campaign is identified as the author or copyright holder, with the Campaign's website address listed, and no changes are made to the materials.

All other reproduction, distribution, or publication of the materials on this Web site, including any done for profit, require advance approval from the Campaign. Permission to reproduce, distribute, or publish materials on this website that is the property of other legal entities must be obtained, as needed, from them. Please send inquiries to: info@tobaccofreekids.org.
